Job title

Senior Advisor Sustainability Strategy, Royal Schiphol Group

CURRICULUM VITAE

Royal Schiphol Group is the owner and operator of Amsterdam Airport Schiphol, Rotterdam The Hague Airport and Lelystad Airport, and holds a majority stake in Eindhoven Airport. Airports in the Group create value for society and for the economy, with safety as a key enabler.

Together with our international activities, Schiphol Group's Dutch airports are part of our 'Why' of Connecting your world. We want our airports to be zero-emission and zero-waste by 2030 on route to becoming energy-positive and circular in the long run. All the while, we will continue to play a leading role in making the aviation sector more sustainable to achieve net-zero emission aviation by 2050.

Fokko Kroesen leads the EU H2020 TULIPS consortium and SAF developments at Royal Schiphol Group, with more than 20 years' working experience in environmental strategies at international aviation.

After an MSc degree in chemistry and postgraduate courses on environmental sciences and energy management, Fokko Kroesen has been employed as researcher at the University of Groningen and as sustainability consultant in Utrecht.

This project is funded by the European
Union and implemented by EASA
