

Operationalisation of the Single African Air Transport Market (SAATM) – Support to the African Civil Aviation Commission (AFCAC)

AFCAC AND EASA JOINT WEBINAR SERIES ON THE ACCELERATION OF DEVELOPMENT, PRODUCTION & DEPLOYMENT OF SAF/LCAF IN AFRICA

Webinar on “Partnerships as enabler along the SAF Value Chain”, 10 September 2024

SPEAKER

VAN LOON / TIJMEN

Job title

Team Lead- Future Fuels, SkyNRG

CURRICULUM VITAE

Tijmen is part of SkyNRG since 2018 and leading the Early Stage Capacity Development team. In that role, he is responsible for filling the pipeline of SAF capacity development projects, which entails business development and analyses of new locations, technology platforms and benchmarking projects with the market. Over the past years special focus has been on eSAF development, where the most well known project may be the Zenid project, a Direct Air Capture to SAF plant at Rotterdam Airport.

Parallel to the development work, Tijmen has also led SkyNRG's SAF Market Outlook, which has grown into a well known resource in the SAF industry and sees updates every year.

Prior to SkyNRG, Tijmen graduated from a Master in Energy Science at Utrecht University.

This project is funded by the European Union and implemented by EASA
